

Classic Patio Slider

✓ Our patio doors are highly energy efficient, secure, and built to last. Ask about our West Coast Slider, with two fixed windows flanking the door to make a room feel bigger and brighter.

Classic Patio Slider Features

- A 100% Fusion-Welded Vinyl Frames and Sash Corners**
Provides strength and durability. Water and air leakage is eliminated at the critical corner locations.
- B Multi-Chamber Frames and Sash**
Resists twisting and will not warp. Sealed air insulates against hot and cold weather extremes, providing controlled comfort.
- C Advanced Weather Stripping**
Controls annoying drafts and reduces heating costs without compromising door function.
- D Unobstructive Heavy Duty Screen**
Ensures that insects stay outdoors where they belong.

Unique Features

- E Dual Security Lock**
Ensures a firm seal against drafts and provides added security.
- F Brass Rollers**
Provides durability and ease of operation.
- G Reinforced Steel Frame**
With galvanized steel bar inside vinyl for additional strength.
- H Security Drop Lock**
A foot lock provides added security.
- I High-Performance LoE Coatings**
A choice of low emissivity glass coatings to keep your home warmer in the winter and cooler in the summer.

Additional Features

- J Triple Pane Option Available**
- K Attached Brickmould Option**
- L Keyed Lock Option**

PERFORMANCE TEST

Our patio doors have been rigorously tested to ensure year-round comfort for your home. Speak to your Centra Sales Rep for details on our adherence to strict product testing standards and information on size limitations.

Exterior finishes may vary depending on location. Ask your sales rep for information on flange options.
